Dear Resident,

**Re: Anti-Social Behaviour (ASB) West Green, Stokesley**

There have been a number of reports of ASB made to North Yorkshire Police and Stokesley Parish Council by residents relating to issues within your neighbourhood. North Yorkshire Police are working hard to address this and we are writing to every resident in the area concerned to ask for your help.

We would like to hear from any resident that has experienced or witnessed incidents that have occurred both recently and historically. To this end I have enclosed an anti-social behaviour diary sheet for you to record any such historic incidents. Once completed if these could be returned to Stokesley Police Station for the attention of the Safer Neighbourhood Team.

However, if there is an incident occurring which would require Police attendance, please report it at the time it occurs, especially if there is a chance we can locate or trace the culprits. This can be done by calling either the 101 non-emergency number or 999 in case of an emergency.

Examples of ASB include, but are not limited to, behaviour such as:

- \*Foul and abusive language
- \*Intimidating and threatening behaviour
- \*Harassment
- \*Criminal behaviour
- \*Causing a nuisance or annoyance

We are asking for your assistance because we can only work with the information and evidence we have. Your co-operation is therefore not only appreciated but is vital, as only with your help can we seek to address any issues and ensure that residents are able to enjoy quality of life.

Yours sincerely,

Dave Anderson

Stokesley Beat Manager,  
Stokesley Safer Neighbourhood Team,  
North Yorkshire Police
